

Gulf Select

COOLANT EXCHANGE PRODUCTS

Gulf Select Coolant Products are designed to keep your engine operating smooth and prevent overheating. Antifreeze can breakdown over time and lose its ability to protect your cooling system from rust and corrosion causing poor engine cooling.

ITEM #GS970 - UNIVERSAL COOLING SYSTEM - KIT

- **Kit contains: Radiator Treatment - 12 oz. (#GS930)**
- **Coolant System Cleaner (Universal) - 12 oz. (#GS950)**

Item # GS930 – Radiator Treatment

- Effectively protects aluminum and all cooling system parts against corrosion. Add to system for long term protection.

Item #GS950 – Coolant System Cleaner (Universal)

- Cleaner is designed to flush radiator of rust and scale deposits and help restore coolant flow and improve cooling efficiency.
